No.1 SPRING 1994

LET US SEE WHAT HAPPENS WHEN WE THROW A FEW PEBBLES  
INTO THE STAGNANT POND OF MODERN DAY UFOLOGY.....

The Mind thought for a very long time, the eyes watched carefully, the ears heard much, a filing cabinet labelled patience was full to bursting, so the Mind in all its wisdom took the mouth out of neutral and the voice began to speak, softly at first.....

In the early to mid 1970's it was heresy for a serious researcher to own up to any direct interaction with his or her chosen subject of research, to own up, maybe out of a sense of duty, to a close encounter of the third or fourth kind was downright suicidal. The research fraternity came down upon him or her like the proverbial ton of bricks, no matter how many years of solid, reliable and objective research had been done by the unfortunate soul, all faith and credibility was from that time on blown away and whispers began to be heard in many corridors. This changed a decade later as other such serious and seemingly objective researchers came forward, some almost blatantly, to say that they have interacted with the ufo phenomenon, many seemed almost proud of the fact. The attendant scorn and ridicule however seemed to have evaporated like the morning mist. The number of serious researchers claiming direct interaction are growing every day, from all parts of the world, in some areas it is almost expected of the said researcher to be in an interactive position, or a loss of esteem would follow should he or she fail to have a close encounter of any kind.....

UFO's....One school of thought, which gains momentum daily, is that the ever increasing rate of sightings of actual structured craft, even filmed or photographed, are terrestrial machines using a 'super technology', a technology shared by certain countries. A technology gained from one or more sources. Some view it as the final part of the public education process, the testing and 'public teasing' of these 'super machines' leading up to, some hope, a direct public announcement that man now has the power and the technology that came from another solar system, and that Earth was visited by extraterrestrials in the past but since the 1950's the ufo's seen in our skies have been our own ufo's.

Another school of thought maintains that certain government dealings resulted in a two way working with the Aliens, we receive their superior technology and in return we give them free reign to go about their business undisturbed and unhindered by us. The darker realms of this unique co-operation is allowing the Aliens to build vast underground complexes, to abduct both human and animal life forms, for whatever purpose. The researchers whom favour this scenario say the governments involved care little of what the Aliens do so long as they can have and fly their 'super machines' to their hearts content.

As more and more info is given by the Aliens, bigger and better machines are built and tested in certain regions of the world. The underground complexes or bases are now scattered all over the globe these researchers say, why and what for are questions no one seems to want to answer, even if the various governments knew what these bases were for they probably couldn't care less, so long as they keep getting bigger and better 'toys'.

~~SECRET~~  
V1/2

V1/3

A third, and perhaps a more disturbing school of thought is one whereof researchers believe that the Aliens are working closely with a super secret society, a power elite, a government within a government.

This all powerful group of people are in control of many facets of human life. This elite company uses psychics from all around the world as go betweens with the Aliens. The power yielded by the group is staggering, and because of their power and influence they are given free reign by world governments, to do as they want, infiltration from the top down seems to be the order of the day.

It is this group, according to some researchers, that are responsible for the ufo phenomena and all it entails.

By working with the Aliens they have gained immense power and control with superior technology at their fingertips.

The use of psychics to infiltrate, to pass on disinformation and generally cause public confusion is high on their list of priorities. The disturbing aspect of this is total global control by the elite, that's what is planned, a steady plan of infiltration has, according to these same researchers, been underway for a very long time indeed.

Space does not permit the details of how the psychics interface with the Aliens but suffice it to say some pretty clever stuff has been reported upon to the Voice.

A final word on this particular aspect, everyone knows of Area 51, Groom Lake, in the United States, but how many know that the area for testing these 'super machines' in the UK in the 1960s-1970s, was in Wiltshire, around the Western end of Salisbury plain to be precise!!!!!!.

VV/4

It is the view of some researchers that Aliens arrived on this planet a very long time ago, when the modern era began circa 1947, from a direct result of man playing with Atomic weapons, the Aliens resurfaced in ever increasing numbers in our skies.

In answer to the critics that our planet could not be visited by other civilisations due to the enormous distances involved, well, these researchers claim that the Aliens did indeed travel those vast distances once, in Earths infancy and remained, hidden, beneath the seas and also deep underground in bases. They were disturbed by mans atomic tests, especially the underground ones.

The Aliens have been here all along.

The activity around the planet today is a mixture of the Aliens refurbishing their bases and adding to them across the globe, forming a matrix.

Word going around is that 1994 is supposed to be the 'big' year for ufo's, that at long last the Alien presence will be once and for all shown and proved to be a fact, with expected national TV and other media release during this year, the final part of the indoctrination programme, we shall see!.

INTERIM REPORT 2 SPRING '94

HE WHO SHOUTS INTO THE WIND WILL NEVER BE HEARD, TURN  
AROUND AND LET THE NATURAL FORCE CARRY YOUR WORDS TOWARDS  
RECEPTIVE EARS

**STRANGE.**

Within days of issue one of THE VOICE being distributed a friend passed on a document which is of some interest. Whereas THE VOICE does not need to hide and gives its bodilly address the writers of the said document merely refer to themselves as the ELITE, and remain under cover. Nothing really new was to be seen but they gave the impression that they knew an awful lot and stated they would share this info at some stage, we shall see. MAYBE THE VOICE ALREADY KNOWS WHO ELITE ARE.

THE VOICE was in contact with a certain Lady conspiracy weaver since last December but has recently had this contact terminated due to the fact that the info given to her was far too hot for them to handle, even though the actual 'nitty gritty' was yet to be divulged. The data is of such a sensitive and at times sinister nature that even a seasoned conspiracy researcher could not handle the heat!. THE VOICE goes it alone again, even threats to its physical body will not prevent THE VOICE from speaking, the hardest words of all to swallow are words of TRUTH, so certain people better start CHOKING!!!.

Deep in the Berkshire countryside lurks a secure American research facility, it is a secure installation. From there a certain program has been underway since at least 1980. Part of this program has the codename of "MANNEQUIN" attached to it, it is a social manipulation and control program, ufo research plays quite a part in this. Before 1980 the controllers of the Program shared another U.S. secure facility in an older base dating back to the 1950's. The Program became so big and intricate it soon required its own base of operations, their work being so secret they could not trust their fellow Americans whom were not involved with the Program to share the same area.

The technology available to the Program is very, very sophisticated and is a direct spin off from SDI. The use of Cray supercomputers plus a baffling array of other equipment and techniques is widespread at the base. The staged abductions and the experiments in the labs on 'guinea pigs' has to be seen to be believed, these 'guinea pigs' are of course HUMAN.

Code names are used for all personnel in the executive area of the base, 'WHITEMORE' virtually runs the place under the code name of 'SENTINEL', 'SAMMS' is head of base security, they have four teams of mobile operatives who go under code names of colors, each color denoted the role of each team, four people per team. The whole thing is overseen by its 'parents' in America, under the code name of 'GUARDIAN' ( NOT TO BE CONFUSED WITH THE GUARDIAN BUSINESS RE BOB OECHSLER).

"MANNEQUIN" project covers a wide variety of social controls, and the ufo side takes up almost 50% of their activities. The above mentioned 'guinea pigs', non volunteer men and women, some being prepared as witnesses to ufo events, some are ufo researchers, many are psychics, none know they are being used by the Program, none know the Program even exists.

These 'guinea pigs' go through an extensive 'medical' at the start of their induction and have regular 'check ups' from time to time, being brought to the base for 're-enforcement'. Total mind control using drug assisted/induced hypnosis, post hypnotic suggestions and other much more sophisticated mind control methods are used most expertly.

'Guinea pigs' are then let loose on the world to carry out pre-programmed tasks at specific times, they are monitored constantly by remote means, the Program has Remote Neural Monitoring (RNM) off to a fine art. The passing of key words or phrases to initiate a set task is not merely confined to films or fictional books, 'SAMMS' and his cronies have had this perfected for a very long time.

The Program cleverly used a number of well known names in the ufo field around the world as 'guinea pigs', some since have become even more well known whilst others have kept a relatively low key position. The confusion alone caused by the tasks of each 'guinea pig' guaranteed the stalemate of ufo research for the past few years. Disinformation, infiltration of groups, passing of specially 'seeded' cases to specific researchers is but one small part of "MANNEQUIN". Some researchers came away from the labs in such an altered state psychologically, that friends noticed a distinct change in them, but many could not actually pinpoint the change in their colleague, it was subtle in its intensity.

ALL MAJOR UFO LECTURES AND CONFERENCES HAVE OPERATIVES IN ATTENDANCE, THE 'GUINEA PIGS' INFILTRATE GROUPS AND SIMILAR ORGANISATIONS ON BEHALF OF THE PROGRAM.

42/2

Everything seemed to be running smoothly enough for the Program until late summer-early autumn of 1993 when 'something' happened to throw them off line, not only were more and more 'loose' 'guinea pigs' surfacing around the world ( those that in one way or another were becoming out of the Programs control and had either partial or indeed full knowledge of it ).

Members of certain Security Services became increasingly anxious of the activities of 'SENTINEL' that they began to actually assist some 'loose' 'guinea pigs' in trying to halt the Program, and no longer wished to have anything to do with it, but at the same time fearing the Military backlash that came with such actions.

The Program has almost unlimited power and influence and it is no easy task to try to stand against them.

Personnel from said Security Services were getting so worried about the 'games' the Program was playing that at one stage they openly confronted 'SAMMS', the result of which was two removed agents.

THE VOICE can only report on this briefly in this interim report. Provided the info is not falling on deaf ears the whole sick story will be detailed in future issues, it will take time to relate the whole thing. THE VOICE is fully aware of the fact that even a conspiracy researcher became too scared of the implications of the Program, so what would ordinary ufo researchers make of it, or see the extremely serious and often dangerous roads it travels among them. TOO BAD, THE EVIL MACHINATIONS OF THE LIKE OF 'WHITEMORE', 'SAMMS' AND OTHERS MUST BE STOPPED BEFORE IT IS TOO LATE.

WE ARE AT THE CROSSROADS, TAKE TIME TO MAKE THE RIGHT CHOICE OF DIRECTION YOU WILL TAKE FROM NOW ON, TAKE THE WRONG ONE AND YOU COULD JUST AS EASILY WALK RIGHT INTO THE PROGRAMS HANDS.

One final word, what are and who is controlling the CLONES that are running around ICELAND????????.

ONCE AGAIN YOU ARE ENCOURAGED TO PHOTOCOPY THIS DOCUMENT AND PASS ON TO AS MANY COLLEAGUES AS YOU WISH, KEEP THE NET WIDE.

# AN URGENT MESSAGE FROM THE VOICE

Voice 6 (?)

APRIL

Judging by initial feedback it seems that some are under the impression that THE VOICE is merely stating theories and is part of a conspiracy.....Good God, wake up you dummies, facts alone are reported in the pages of these reports, facts THE VOICE can back up. THE VOICE is making great allowances to those that are perhaps immature or naive, the more seasoned researchers should by now realise that what THE VOICE is saying is, if they cannot accept the truth totally, at least plausible. THE VOICE will settle for that but it will NOT settle for idiotic remarks about theories or worse still disinformation being put out. As far as The Program is concerned THIS EXISTS and has done for quite a few years, it is a direct offshoot from the American Program which has been in existence since the 1950's. A number of researchers over there are likewise doing all they can to halt its operations. The Military are in control of The Program and has its sticky little fingers in Ufo research, they have many researchers, some well known, others not so well known, working for them ( unbeknown to each of course ). By naming names here and now as one item of feedback suggested would place each and every individual in considerable danger and put them through unnecessary personal trauma. THE VOICE has already trod on dangerous ground by starting to expose The Program, and THE VOICE will continue to do so no matter what. If no one can accept even the idea such a Program could exist then boy are you in for a few shocks!!!. THE VOICE did state that it will make it clear, at the end, of its involvement in The Program and that of its friends from D I (8), this it will do at that time. Suffice it for now that you are being given facts about something the Military do not want made public at any cost, it is not solely American  
THIS IS NOT HERESAY, THIS IS NOT RUMOUR, THIS IS NOT GOSSIP,  
THIS IS NOT CONSPIRACY TONGUE WAGGING, IT IS COLD CLEAR TRUTH,  
THE VOICE SHOULD KNOW.

Let it be known that THE VOICE sends out its reports to only a select few, and from these few individuals copies are made and distributed to other colleagues, they in turn do the same and the net widens. THE VOICE has no control of where copies of its reports go, nor does it wish to have control, as the truth should be made available to all.

The 5 civilians whom receive THE VOICE are listed on the next page.

Mr Roy Lake ( London Ufo Studies )  
Mr Tony Dodd ( Quest International )  
Mr Andy Collins  
Miss Jenny Randles  
Mrs Janice Georgiou ( Witness Support Group...whom incidentally  
retypes THE VOICE before sending out copies )

Somewhere along the line Elite manage to get copies of THE VOICE. It seems The M.O.D and certain Security Services likewise get copies, maybe that is a good thing maybe it is not, THE VOICE is unaffected regarding The Program exposure.

With regards to Elite, although keeping some respectable caution and open mindness, THE VOICE is willing to give Elite the benefit of the doubt and accept them for what they are and claim to be. With that in mind THE VOICE certainly will accept their kind invitation to a meeting later this year. Elite must realise though that researchers are going to be somewhat cautious and a little disbelieving, as this scenario has occurred a few times in the past and genuine truth seekers have been badly let down time and again, perhaps the promises Elite give will not be empty ones!!.

Witness harrassment. THE VOICE knows this only too well as it suffered all forms of ridicule, scorn, disbelief and abuse from fellow researchers at the time of its Close Encounters. THE VOICE has already said it was virtually suicidal for a researcher in the 1970's to admit and own up to any form of Ufo interaction, it is all above board and respectable these days but back then.....disastrous.

What perhaps made it worse was the fact that the case was virtually ignored by most ufo media, as if the events never happened. Even to this day you will find no reference to it in any Ufo book or magazine, Ufology in general did a first class job in sweeping it under the carpet, where it remains to this day.

The only references available are: BUFORA journals, then edited by Norman Oliver, and CUFOS, USA in their 1976 Catalogue of Physical Trace Cases (the event of May 1974 left considerable tree top damage).

THE VOICE has great admiration and respect for witnesses to Ufo events and sympathises deeply for the anguish they may suffer. On reflection if THE VOICE had been the sole witness at the time of the May '74 encounter it would have kept quiet about it and would not have told a living soul!!.

The M.O.D likewise were sent a full copy of the sighting together with trace photo's but under their 30 year rule details of the case will remain locked away until the year 2004, so even THE VOICE itself cannot check on it.

THE ABOVE IS IN ANSWER TO A QUESTION SENT TO THE VOICE.

458/2

So many dummies think THE VOICE and Elite are from the same stable that a disclaimer is made here for the final time, THE VOICE DOES NOT CLAIM TO BE ANYTHING OTHER THAN A UFO RESEARCHER, BORN ON PLANET EARTH, AND IS WHEN LAST LOOKED IN THE MIRROR, HUMAN!!!!!!!!!!!!!!.

Mr Lucien Morgan you, like everyone else, have THE VOICE's address if you wish to make comments or pass opinions, it definately is the real genuine, 100% pukka address and not a made up one, and if you do not wish to write one of a number of colleagues have THE VOICE's permission to give out its real, genuine, 100% pukka telephone number!!!!.

This is not a game, THE VOICE is not playing Silly Beggars, the reasons for putting out these reports has constantly been stated, so please, no more nonsense from those who really should know better

PHEW!!....THE VOICE now slips away from the typewriter for a quick shot of whisky to calm it down ( NO, ONLY JOKING!!)

YES THE VOICE HAS A SENSE OF HUMOUR JUST LIKE IT HAS A SENSE OF DUTY, A SENSE OF HUMOUR IS VITAL WHEN YOU SEE THE FOLLIES OF MANKIND AND A SENSE OF DUTY IS VITAL WHEN FACED WITH SITUATIONS THAT REQUIRE POSITIVE UNSELFISH ACTIONS AND GETTING TRUTHS ACROSS TO PEOPLE, THE VOICE SEES IT AS ITS DUTY TO EXPOSE PEOPLE LIKE 'WHITEMORE', 'SAMMS' AND 'HODGE' AND THE PROGRAM THEY SO LOVINGLY WORK FOR.

Once again you are encouraged to photocopy this document and pass on to as many colleagues as you wish, the net stays wide. Please address all feedback to:

ONE LITTLE PIECE OF DATA THE VOICE CAN RELEASE NOW ABOUT THE PROGRAM IS WHEN THEY SET UP AN ABDUCTION THEY USE THEIR OWN 'ALIENS', THESE ARE REFERRED TO AS PGLF's, PROGRAM GENERATED LIFE FORMS, NEITHER HUMAN NOR ALIEN!. THEY ARE USUALLY GREY IN COLOR BUT SOME ARE A GHOSTLY WHITE.

## INTERIM REPORT NO.5 SPRING 1994

Standing at the dusty roadside, the sun beating down relentlessly, the two lane blacktop stretching for miles in each direction, no other traffic in sight.

The near silence broken by the Whump-Whump-Whump of the jet black helicopter, as it drew nearer dust and debris flew about stinging my eyes. The copter bore no markings. Two uniformed men got out and headed my way, they both had sidearms. The uniforms bore no insignia other than a patch on the left breast pocket, only one word in white on a pale blue background, it read ZEUS.

"Mister, you have got precisely 30 seconds to get the hell out of here, do I make myself clear?", he grinned and patted the holster.

I nodded and got back in the Cherokee, started up and briskly drove away, in the rear view mirror I could see the men heading back to the helicopter.

Within minutes the machine was keeping pace above and to my left, after pacing me for maybe a couple of miles it veered away and climbed higher, eventually disappearing towards the mountain range.

THE VOICE pulled the front door shut behind it and then proceeded along the path to the gate. Casually looking right before it crossed the road it noticed a man walking towards it, the man suddenly stopped in his tracks and stared at THE VOICE. He then hurriedly walked back to a parked car and got in. The white Ford Sierra pulled away from the kerb and drove slowly some yards behind THE VOICE.

THE VOICE walked up to the bus stop and sat down on the plastic seating, there were two others waiting for the bus. The Sierra parked some 75 yards along the road.

The bus arrived and THE VOICE found a seat near the back, in the rear window the Sierra could be seen pulling away and follow 'discreetly' behind. When the bus reached the Station in town THE VOICE disembarked and began to walk towards the central library. The Sierra passed it and pulled into the kerb some yards in front, both men got out of the car and stood on the pavement, watching THE VOICE intently as it walked towards them. Within two yards of the mens position the one wearing the raincoat began to hold his arm out as if to bar THE VOICE from going past. "Mr \_\_\_\_\_ we have to talk", looking round towards his colleague he then said "off to the library we see", gazing at the books THE VOICE was carrying, "well then, lets go and get some books eh?". His colleague returned to the car and got in, the Sierra pulled away fast amidst horns blaring from other motorists. THE VOICE and the man walked on to the library round the corner in silence, after checking in the books THE VOICE was herded towards a relatively quiet corner in the reference section.

07/11  
X5/1

"Sit down, my friend will be here soon, just parking the car". He was a snidey looking man, arrogant, in his late forties, early fifties and had a habit of tapping his fingers on the side of his leg. "Don't worry Mr \_\_\_\_\_ we only want to chat, nice and friendly, nothing heavy" in a patronising way. Minutes later his colleague, younger, and more stern looking arrived at the table, sitting opposite THE VOICE he pulled out a large envelope from his jacket pocket and laid it down. "About this" he said as he pushed it across the formica surface towards THE VOICE, "open it, read the papers, .....then damn well explain them!". Twenty five minutes later the two men stood up and walked away, the older one turned and said "You cannot help all of them you know, not all of them" and tried hard at a grin, "see you around no doubt" gesturing with both hands and looking around the library, he then turned to catch up with his colleague. THE VOICE watched them through the windows as they walked towards the multi storey car park and were then lost from view. A cigarette was definately in order so THE VOICE made a rapid exit from the library and stood outside deep in thought.

In September Quest International are to hold their annual conference in Leeds, THE VOICE hopes, one way or another, to be in a position to attend this, not only for its very interesting lectures but for one other reason. By that time it is planned that the whole Program business would have been exposed in full by THE VOICE and it will be very interesting to see if any Program Operatives have the gall to attend this conference as their cover would have been well and truly blown!. Yes, THE VOICE WILL be able to pick any Operatives out should any be foolish enough to attend.

THE VOICE is reliably informed that its reports are now circulating in other countries, this very promising situation has been brought about by dedicated friends and researchers, THE VOICE personally thanks all those that have gone out of their way to spread the net, keep up the good work, let us spread the net even wider, let us see full Worldwide distribution, it is quite easilly done, THANKS.

THE VOICE asks if someone will kindly do it a favor?, can someone please photocopy six (6) full sets of THE VOICE reports from the 1st to this current issue, making seven lots of documents in all, these are urgently needed for major American civilian organisations. If anyone can do this THE VOICE will be extremely grateful, thanks.

Perhaps it has been forgotten but THE VOICE is not only here to put out factual reports, in fact THE VOICE states that it will be happy to use its pages as an open forum for views, comments, opinions, anything anyone cares to send, use it as a platform to get across what you wish to say, the stage is yours.

V712  
X5/2

Mr Lucien Morgan, please read this very carefully.

THE VOICE is formerly requesting you to use Professional courtesey and etiquette regarding the audio tapes you have of a particular abduction witness.

The witness referred to, as you are no doubt aware, is Mrs Janice Georgiou, and she has made repeated requests for these tapes over many months. It seems you have totally ignored her pleas for either the originals or indeed full unedited copies, the same deaf-ear syndrome has equally applied to certain members of BUFORA.

The witness has certain access rights to these tapes and courtesey alone would dictate that you Mr Morgan provide Mrs Georgiou with full copies AT YOUR EARLIEST CONVENIENCE. THE VOICE therefore looks forward to be receiving some form of confirmation that all said tapes are to be with the witness within the next few days.

As from this report THE VOICE has decided to date its documents, therefore a release date will be found at the end of this and future reports.

#### A PERSONAL MESSAGE TO MARY SEAL.....

'CONSPIRACIES HERE, CONSPIRACIES THERE, THEY SEEK ELUSIVE CONSPIRACIES EVERYWHERE'

Whilst THE VOICE agrees that there are indeed a number of proven conspiracies, the killing of JFK for example, but THE VOICE has to strongly disagree with many so called conspiracy weavers whom see a dark and sinister side to every conceivable aspect of life on this planet, it simply is not so and the holes such conspiracy researchers have dug themselves into will quickly be filled in by common sense and logic.

The conspiracies by various world governments on the ufo subject cannot be doubted, as THE VOICE has first hand knowledge on a number of aspects, The Program being one such aspect. You were given information about The Program over a short period of time, not the 'heavy' stuff, basics to begin with whilst THE VOICE was making sure YOU were the right person to disclose the info to. But the pace did not suit you as you required the whole file all in one go, leaving THE VOICE literally wide open. As THE VOICE only wanted to impart data on The Program and NO other connected or unconnected issues it withdrew from contact with you as it saw you were going off at tangents and you were at that stage deemed totally unsuitable as a release for such important information. If, as you seem pre-occupied with 'trigger words' perhaps you should skim over the following very quickly to avoid any possible 'mind manipulation' from THE VOICE ( and as this is written and not being said over the phone, you are safe from any 'scanning' from THE VOICE ).

V7/3  
V5/2

FOR MARY SEAL.....

CLEAR....

The American Controller is code named GUARDIAN, as you know, the UK Controller is code named SENTINEL, as you know also, you have the names already of WHITEMORE, SAMMS, and HODGE, but you do not have PERCHOWSKI or PEARSON. MANNEQUIN is the projects name, GUINEA PIGS and SONGBIRDS you likewise know.

AMBER TEAM WILL TAKE GOOD CARE OF YOU  
GOLD TEAM WILL TAKE EVEN BETTER CARE!

You will no doubt see a conspiracy in the similarly timed release of issue one of ELITE files and issue one of THE VOICE, you might also think that this SONGBIRD has been placed here for that very purpose.

With reference to implants, THE VOICE hopes you remember what it disclosed to you some months ago, and WHO CAN BE 'READ' AND WHO CANNOT, THE VOICE is familiar with the "MK-ULTRA 94" project but that is NOT the project in use over here, the project stemming from Lab 1 at the base is far superior and more selective than the relatively 'crude' CIA one.

END OF PERSONAL MESSAGE.

The phone rang, THE VOICE said "Hello" just as it normally does, there was no answer, seconds later THE VOICE heard itself talking to someone from a few days prior to this on the phone, a few seconds later the phone went 'dead' and the dialling tone was heard.....HUH?

Feedback, although grateful for all those that have bothered to write or ring so far, THE VOICE feels that perhaps many are scared to contact THE VOICE for some reason, or simply no one has ANYTHING to say!!!.

Before signing off THE VOICE would like to thank ELITE for their support and encouragement, it is appreciated.

ONCE AGAIN YOU ARE ENCOURAGED AND REQUESTED TO PHOTOCOPY THIS DOCUMENT AND PASS ON TO AS MANY COLLEAGUES AS YOU WISH, LET US SPREAD THE NET AS FAR AS IT WILL GO, PUSH IT TO THE LIMIT. ADDRESS ALL FEEDBACK TO:

## STOP PRESS

According to two separate sources 1994 IS going to be the year of Alien awareness and acceptance, according to the almost identical theories of these two individuals this is being brought about by frequent coverage of ufo and alien related topics on tv as the main media release. Supporting this is the release of a number of documents, THE VOICE and ELITE being the primary ones. We are led to believe that all of this has been orchestrated by the powers that be and had been in the pipeline for some time, meticulous planning had gone into all that is now in full effective working order.

THE VOICE for one is rather confused by this as it really thought it had started to release its reports on its own back, from its own ideas, it did not realise that someone somewhere had PLANNED for THE VOICE to do what it is now doing. Then there is the upsurge of witness profiles in the media, one or two in particular, again all planned and mapped out some time ago, so none of us really have had a hand in this, we have all been programmed!!!!, ( in the nicest possible way ).

An offshoot of this theory is that none other than ELITE have engineered all of this and that they 'arranged' for THE VOICE to come into being!!!. This theory by the two individuals, from different parts of the UK is, you must admit, interesting if nothing else. THE VOICE wonders how many others have come up with a similar line of thought?.

## INTERIM REPORT NO.6 SPRING 1994

## UFO's AN END TO THE MYSTERY.....

Most if not all researchers into this strange and aloof subject would be glad one day when we can all say "Yes, that is the solution, no more mystery, case closed". The ufo mystery has been with us for nigh on 50 years and we are no nearer solving it than researchers were in the mid 1940's, THE VOICE also has reservations about science accepting the ufo subject no matter how much high quality proof is pushed under the noses of scientists, it may literally take that famous shot from the TV series 'V', with gigantic craft silently hovering over all major cities of the World, before our governments and scientists take notice.

If the solution to ufo's lies within the psychic or indeed psychological realms then the ufo will always be with us, if the solution lies within the category of unknown atmospheric phenomenon, again ufo's will continue to be with us until such time someone can scientifically datarise it.

If the solution lies within the realms of advanced technology then we can very soon expect someone to own up to the fact, probably the Americans, it matters little where the technology came from in the first place as Man would never admit to receiving or stealing this technology from any superior race, and if this can be proved by the operators to be truly advanced technology in use, and responsible for ufo reports on a global scale, most people will accept it.

HOWEVER, if the solution lies within the realms of visitations from Extra Terrestrials, and very many adhere to this, what would you do?, how would the news sit with you?, would you welcome the idea .....or dread it?.

If advanced technology is responsible, be it man made or alien, the two may well be, as many see it, intermixed. Everyone knows of area 51 and the testing of 'supermachines' in that part of Nevada, who is to say such testing of advanced aircraft is not being undertaken elsewhere in the World, by other countries. Who is to say the Germans, the Russians, the French, or even the English are not up to testing their own versions of these 'supermachines', maybe even a concerted effort by a group of nations together are working on such advanced projects. NATO springs to mind here, fingers have indeed pointed in that direction before now. Certain locations around the World do seem to bear out this possibility, secret bases, special airfields, holding and testing facilities, secure installations and top secret establishments, etc,etc. Whether us humans have come up with advanced propulsion systems to fly variously shaped craft near silently at supersonic speeds, defy gravity, and manoeuvre as no terrestrial plane to date can, well, it may be possible, or again maybe we received some help from other sources and are still in the testing stage. We could not have perfected the flights of these 'dream machines' yet as now and again reports surface of a 'crash' somewhere or other!

( COPS, YOU PULLED THE WRONG LEVER COLONEL....OUCH.....OH WELL BACK TO THE DRAWING BOARD ).

Yes, THE VOICE for one would be very happy to see the solution to the ufo mystery, WHATEVER it may turn out to be.

Thankyou to L from the West Midlands for her comments re THE VOICE and ELITE, once all the expletives were removed it left the following, but thanks again for taking the trouble to write !!!!!, : "Elite and The Voice are all escaped mental cases sharing the same squat".

Well, THE VOICE is none too happy as it is paying rent and was unaware that in a squat no rent was payable, oh well, better hide those strait-jackets in a more secure place!!!!!!!!!!.

# THE 1987 TRUCK - STOP EVENT

THE FIRST OF TWO TRUCK STOP EVENTS EXPERIENCED BY THE VOICE.

The noise and the shaking of the cab kept me awake as I drove the truck through the night. Mile after mile of deserted road, mainbeam headlights helping me keep in the near centre of the road. The snow had stopped falling a short while ago but it was bitterly cold, the heater in the cab had packed up hours ago.

Continuing North I passed forests to my left and open fields to my right, tired of whistling I tried the radio but all my numb fingers could get was heavy static across the band. After rounding a bend the cab became suddenly very warm, so much so that I was forced to open the drivers door window. Seconds later the truck began to buckle and shudder, lost speed and the headlights flickered on and off, I was worried a little as I did not fancy breaking down in the middle of nowhere in sub zero temperatures. The truck lurched to a halt, headlights out, the engine faltered, threatening to stall, I lit a cigarette, drew deeply and coughed violently.

I rolled my window all the way down as it was now uncomfortably hot, I could not explain the heat in the cab as the heater switches were turned to off, they switched that way hours ago when they packed up, so even if the heater had corrected itself no heat could have come through the vents.

Before I ventured outside I tried the accelerator pedal again but it had no effect, the engine continued to idle albeit roughly. My boots made a loud crunching sound as I jumped down from the cab, and I thumped the drivers door a couple of times in mild anger. Surveying the scene and hopelessly looking out for any other traffic a sudden noise nearby made me jump, upon looking round I saw a bright light over in the fields, it did not seem too far away, and it appeared to be getting bigger, perhaps approaching me.

It was sort of oval shaped and a brilliant whitish-blue in color. The sound I first heard was a very loud 'popping' noise, this it repeated every few seconds as it got nearer. It was difficult to judge size and distance at night, even with the snow covered landscape, but it seemed to be as big as a house and when it came to a halt near a row of hedges it could not have been more than 100 yards from me.

With another 'pop' a smaller ball shaped light came from the larger one and drifted towards me, I began to panic and stepped backwards, into the closed door of the cab. The ball was making a noise as it moved, a kind of high pitched whine, which became deafening the nearer it got, and stopped the far side of the road, some 20 feet or so away, the noise by now was so intense I had to cover my ears with my hands and screwed my eyes up in pain.

Abruptly the noise ceased and I opened my eyes in time to see the ball of light 'dissolve' and in its place stood 3 small 'men'. I could only describe them as sort of small, under 4ft, with large heads, when they 'walked' closer to me I noticed that their eyes were likewise huge and circular, jet black in color. They stopped at arms length from me. They stood silently staring at me and I felt like a laboratory animal under their cold scrutiny. I was damn scared and felt I should have made a run for it or something, but I was glued to the spot. This sounds silly but I'm sure they were communicating with me, not actually speaking, nor did I perceive any words in my head, but an odd undulating sensation between my ears as if my brain was a wad of dough and they were mentally manipulating it to form whatever shape or image they wanted to portray. The beings half turned and the one on the end pointed to the large oval light in the field, at that instant the high pitched noise returned forcing me once again to cover my ears and screw up my eyes, it was so bad I dropped to my knees in the snow. Seconds later the 'men', and the light, had gone.

The engine of the truck no longer faltered but idled smoothly, the headlights were back on and the cab radio was playing some golden oldie. I fumbled for my cigarettes, shaking badly, lit one, climbing back into the cab, after a very quick glance all around I drove off in a real hurry.

THE ABOVE WAS NOT REPORTED TO ANYONE AT THE TIME, IN FACT THE ONLY PERSON WHOM KNOWS IS ANDY COLLINS, HE WAS TOLD IN FEB.'93 AS PART OF A REPORT THE VOICE PUT TOGETHER FOR HIM.

THE VOICE was recently contacted by an American researcher whom was putting together people and information for a soon to be scheduled 'Equinox' TV programme.

Substantial Japanese funding was mentioned for this venture which will centre on MAN MADE UFOS and the highly controversial energy theory EMD, ElectroMagnetohydro-Dynamics. THE VOICE was requested to provide data and state openly in front of the cameras all of its acquired information on these subjects.

A tenuous connection to this is a couple of cases THE VOICE investigated in the 1970's, which may well involve small man made devices, one being the 1977 photo case from Wheathampstead, four color Polaroid prints were secured by two men, even though THE VOICE reinvestigated this case five years later and filed it away as a probable hoax. Interestingly an engineer came forward recently and owned up to being the originator of the disc captured on film back in June of 1977 at Wheathampstead!. What is more this engineer states that he was test flying a 6ft diam. disc on that occasion and is now working with a Belgian company on a full size disc, one capable of carrying a pilot!!.

The second case, if the original businessman witness is to be believed, centres around him observing two young men apparently test flying a 3ft diam. disc shaped object in a remote-ish part of Essex, a van parked nearby had its rear doors open and was filled with various electrical equipment, the van bore a 'D' plate ( German )!!!. For two nights running the witness observed the same tiny ufo directly outside his bedroom window.

The rather forceful personality of the American researcher insisted that there was a June deadline, THE VOICE is taking its time to decide whether it should place itself and its contacts in front of the cameras or not. It is a difficult decision to make as details of The Program would inevitably have to be mentioned in the course of any disclosures made by THE VOICE, and no matter what reassurances this 'high profile' American gives regarding THE VOICE's personal safety, THE VOICE would prefer to go on speaking for some time yet and not take 'early retirement'.

THE VOICE WAS HOPING TO DETAIL IN THIS REPORT A UFO EVENT THAT OCCURRED IN THE UK A FEW MONTHS AGO, AND AS FAR AS THE VOICE IS AWARE, IS THE FIRST OF ITS KIND IN THIS COUNTRY, HOWEVER SO AS NOT TO JEOPARDISE THE ONGOING INVESTIGATIONS IN THIS EXTREMELY SENSITIVE BUSINESS THE VOICE WILL AGREE TO HOLD OFF PUBLICATION DATA FOR THE TIME BEING.

THE VOICE thanks ELITE for its report number 12 and looks forward to be in receipt of its book during June, THE VOICE offers ELITE its help in any way it can so do not hesitate to ask, as THE VOICE is more than willing to accept the ultimate possibility, after all, the awareness of otherworldly lifeforms was given to it during its past encounters and the contact made at that time.

THE VOICE still bears the scars of being ridiculed, scorned and scoffed at by its fellow researchers and investigators, so it has nothing to lose and maybe everything to gain in its support in full of ELITE. And if nothing should come of it all then THE VOICE has lost no face as it is totally open minded and willing to give ELITE the benefit of the doubt.

ONCE AGAIN YOU ARE REQUESTED AND ENCOURAGED TO PHOTOCOPY THIS DOCUMENT AND PASS ON TO AS MANY COLLEAGUES AS YOU WISH, LET US MAKE SURE EVERYONE HAS THE CHANCE, DO NOT HOLD BACK, SEND COPIES TO WHOEVER YOU WISH, KEEP THAT NET AT FULL STRETCH. KINDLY ADDRESS ALL FEEDBACK TO :

SPECIAL REPORT SUMMER 1994

BA

THE FRAIL AND WISHY WASHY MINDS OF RESEARCHERS NEVER FAILS TO AMAZE THE VOICE, WHEN THE VOICE BEGAN TO SPEAK SOFTLY BACK IN FEBRUARY OF THIS YEAR IT DID NOT REALISE IT WOULD ENCOUNTER A DEAD END SO SOON, BUT ALAS IT HAS, NOW THE VOICE WILL NEED TO SPEAK LOUDER AND SEND ITS WORDS FURTHER AFIELD, THIS IT IS NOW DOING. THE VOICE STRONGLY SUGGESTS UFOLOGY DOES SOME SPRING CLEANING, AND NOW!.

Many years ago THE VOICE recalls seeing a large number of black and white photo's of ships belonging to the U.S.Navy, all had weird 'skirts' or other appendages around them. From the waterline sometimes half way up the hull, some all the way up to the decks. The captions attached to the photographs stated, matter of factly, that they were highly secret electromagnetic devices designed to deflect enemy sonar and even torpedoes. Can anyone else recall reading an old reference type non fiction book, old faded plain cover, believed beige in color, showing these photo's and detailing the experiment the U.S. Navy was involved in during the latter stages of World War 2.

What is the connection between the work of Nikola Tesla, Albert Einstein, the Philadelphia Experiment and the latest Montauk point project?, first correct entry wins a tube of Smarties!!!!.

Do you on some days get out of bed in the morning and think there is nothing at all to this ufo business, your mind explains everything for you and you are very skeptical of the whole thing, thinking what the hell are you doing wasting your time researching the subject.....yet on other days its exactly the opposite,....funny old world.

Many eyes and ears will be watching and listening very carefully around July 16th, the expected 'hit' date of SL9 and Jupiter.

The Greys-Hybrids, are human created and controlled. The Program ( here and overseas ) uses these PGLF's when creating CE3 and CE4 ufo events.

Supertechnology is in use and is the end result of the research carried out by the best brains available since the 1930's and 1940's, from primitive beginnings we now have a very high level of sophistication.

va  
~~va~~ 1

Take note, THE VOICE is not saying E.T.'s in one guise or another are not visiting this planet but it is trying to get across to people that The Program here and abroad is responsible for most of the reported Close Encounters. Close range structured craft observed by many are those belonging to terrestrial agencies, and when 'occupants' are seen either outside or indeed inside the craft, these are PGLF's. Abductions are arranged to reinforce in the witnesses mind the idea of Extra-Terrestrial responsibility for the encounter, thus making it easier for skeptics to ridicule and debunk the sighting. The Program creates a cosy, 100% effective cover for the experiments it carries out, they know they are totally safe in their staged ufo events, it is the reason why The Program is doing this that has very sinister undertones, and this reason will be more fully explained at a later date.

The Program manipulates belief systems, people claim they have seen a close range ufo or have experienced abductions, no one really takes them seriously, there is no actual proof, the skeptics win again, The Program can carry on unhindered with its tasks.

The Program uses ufo researchers to further manipulate the media and other ufo researchers alike, and to report back on any findings made by groups and individuals.

The Programs 'Supermachines' are not as yet 100% perfected, there are still a few 'bugs' to iron out, hence the testing in remote areas. Some craft, the ones ready for 'field trials', are the ones witnessed by people and reported upon.

The oft reported encounters with Men-in-Black, the ones not down to hoaxes or 'wishful thinking', are simply another form of PGLF, a creature specifically put together for the task of confusion and repression, no wonder the MIB's knew certain info about the witnesses and their sightings, the whole thing was staged, craft sighted then the sending round of the 'gook' squad to confuse and threaten the witness, all very clever.

#### DULCE UPDATE:

Contacts are still trying to gather info re alleged bases situated underground in this region of New Mexico, however THE VOICE can state that an ever increasing number of people are reported 'missing' within the boundaries of the Navajo reservation and as far East as Lumberton!!.

A pat on the back for John Holman and his team in their 'Alien Awareness' stint in London on May 23rd, even though no tv coverage was given they at least were mentioned by one or two radio stations, BBC Essex being one, maybe a lesson or two was learned?.

In the last report THE VOICE detailed an event it experienced during 1987, the truck-stop. This event happened just as it was reported and was rightly kept secret until recently. The 1988 truck-stop, which heralded the entry on the scene of DI 8, will be detailed in the next report. This concerns DI 8 supplying THE VOICE with documents and photographs relating to the UK operations of The Program, as by that time DI 8 were totally against 'MANNEQUIN' and all it stood for. Due to the large number of pages needed to adequately cover the exposure of The Program, with photographs of the base, staff, plans, maps, etc, etc, it will now be necessary to split the Summer No.2 issue into three reports. It will be too costly to duplicate and send out over twenty five copies of a possible 40-50 page report. Therefore these reports will be issued as follows:

Summer 1994 No.2 Part A  
Summer 1994 No.2 Part B  
Summer 1994 No.2 Part C

The report on Abductions, as mentioned in a previous report, will now form part C of the above.

Make a note in your diary to watch the ITV programme on June 24th entitled "Whale On", long time colleague Mr Roy Lake of London Ufo Studies will be featured.

THE VOICE hopes that Tony Dodd of Quest will have some info re the alleged ufo incident ( mentioned in last report ) available and ready for use in the Summer No.2 issue, as something of this calibre cannot be allowed to remain under wraps indefinitely, and if it is a hoax the quicker it can be laid to rest the better.

WHATEVER DIFFICULTIES YOU MAY FACE PLEASE AT LEAST TRY TO PHOTOCOPY THIS DOCUMENT AND PASS COPIES TO AS MANY COLLEAGUES AS YOU CAN, IT IS VITAL TO KEEP THE NET AT FULL STRETCH. THE VOICE THANKS YOU ALL IN ADVANCE. KINDLY ADDRESS ALL FEEDBACK DIRECTLY TO:

No. 10.

No 2

PART ONE OF THREE

SUMMER '94

## THE PROGRAM: SENTINEL STAFF

The Pearson previously referred to is, and THE VOICE did think at least one or two of you might have put two and two together, none other than Dr. Graham .S. Pearson, Director-General of Chemical & Biological Defence Establishment at Porton Down.

The Program, sometime during the late 1970's, broadened its parameters by using other, more cost effective measures. A perfect cover for the taking of ova and sperm for use in Genetic engineering experimentation by a number of Military and civilian (paying) establishments was widened to cater for (which is now very big business) ova and sperm to be used for infertile couples, exclusively wealthy people, would be staged Close Encounters of the 4th kind, namely Abductions. This extremely sinister situation has grown out of all proportions, as the ever demanding needs for ova and sperm are placed upon Program operatives and Controllers. An even more sinister aspect of 'Mannequin' is the abduction and ELIMINATION of certain individuals, these unfortunate souls apparently 'go missing' and are never seen again.

These particular 'guinea pigs' are used for organ transplantation, again, for twin purposes, genetic experimentation by Military and civilian agencies and also for wealthy 'customers' requiring urgent organ transplants, as the shortage of 'legal' donor transplants falls far short of ever increasing demands, demand outstrips supply by a ratio approaching 6 to 1.

HENCE THE EVER INCREASING NUMBERS OF UFO ABDUCTIONS SURFACING OVER THE PAST FEW YEARS.

By staging these abductions the controllers not only know they are perfectly safe but the huge sums of money involved carry far better incentives, they see it as helping humanity, and its all for the greater good.

The main American agencies responsible for 'Mannequin' are:- USAF, NSA, DIA, CIA and NASA, obviously they have complete co-operation with many other Governments including Canada, Britain, France, Germany, Italy (all under the NATO banner), etc, etc.

THE VOICE HAS SEEN WITH ITS OWN EYES WHAT GOES ON IN THE LABS AT THE BASE, SO TO THOSE DISBELIEVING SOULS, DAMN WELL WAKE UP AND TAKE BLOODY NOTICE!!!.

note

THE VOICE does not now, nor ever has, denied having close links with certain Intelligence agencies, BUT there again so do a number of other ufo investigators, so what is the problem?.

Ufologists now have another 'boogieman' to worry about, he or she recently surfaced and it seems their sole aim is to try and discredit or even totally destroy prominent researchers. Friend and colleague Jenny Randles was the target in a muck raking article in the News of the World newspaper on June 26th, the personal nature of the article, the way Jenny Randles was attacked was deplorable, THE VOICE wonders who will be next and to what level of muck raking this sick individual will stoop to. THE VOICE has heard, from a friend of a friend, that someone was putting together a document that will 'blow the cover' used by THE VOICE, in its involvement with specific Intelligence agencies, well this is all very interesting but as THE VOICE does not deny this anyway what would be the point in some idiot bandying the fact about?, perhaps they are trying desperately to put together a link with Wackenhut activities in the Nellis range in the USA (Groom Lake, Area 51) and my tiny involvement with their Security Division some years ago, who knows, who cares, but whoever this trouble maker is they had better watch their back.

Tony, THE VOICE can unfortunately do no more as regards the S.E.M establishment in Kent, by deep digging certain toes were inadvertantly trodden on and THE VOICE has received a direct 'wrist slap' and a piece of advice to the effect that time would be better spent elsewhere, apologies for not being able to assist further.

ELITE!, well since receiving their file number 12 some time ago THE VOICE, and every other researcher whom used to receive the same, have heard NOTHING from them. It is not too surprising as most of us thought Elite and their files were a load of dog-doo, although THE VOICE was quite happy to have been proven wrong it knew the moment the supposed 'Book of Life' failed to arrive in June with details of the supposed July meeting and 'once in a lifetime journey'. THE VOICE wonders what kick these imbeciles get from going to the trouble ( and expense ) to produce and send out such documents. THE VOICE knew something was not quite right when it contacted various Embassies and media in relation to special letters that were supposed to have been sent to them by Elite. THE VOICE is annoyed though with a certain witness whom runs a Witness Support Group as it seems she was hand in hand with the time wasting childish antics of Elite, to you THE VOICE says YOU HAVE LOST ALL CREDIBILITY, DO NOT WASTE THE TIME AND RESOURCES OF ANY RESEARCHER IN THE FUTURE, AS YOU WILL SIMPLY BE IGNORED!!.

Viola

THE VOICE was interviewed at length by the Chelmsford Yellow Advertiser newspaper on the 15th of June and sat for the customary press photo the next day. This was in response to a special press release/information factsheet that THE VOICE distributed around Essex. Another local newspaper, the Chelmsford Weekly News likewise interviewed THE VOICE on July 11th. Anglia TV are interested in putting together a news item, details yet to be arranged. There has been only slight response to the factsheets placed in local libraries but this situation may change after today as both Anglia TV and Carlton TV are screening (again) the film Close Encounters of the Third Kind, and in true fashion ufo reports surface once such a film is shown on network TV. THE VOICE is normally none too happy in giving press interviews as experience has shown that the reporters do not always give a clear unbiased and non-sensational account. THE VOICE is especially wary about the Weekly News feature when it comes out as the girl reporter turned out to be someone doing work-experience and though meaning well a rookie may just make a hash of things ( THE VOICE cringes in anticipation of misquotes and rash sensationalism!!!!!!).

This issue of THE VOICE has been put together and distributed rather quickly in order to dispel the myths going around that either THE VOICE has been 'got at' and will therefore no longer speak, or, even worse, as THE VOICE , in some peoples eyes, is the stable companion of Elite, and as Elite has now vanished so too has THE VOICE!!, really crazy ideas but that is what some poor fools believe. Hopefully this edition will put those stupid rumours to rest.

According to sources reliable thus far the official USAF film mentioned in a previous document will now NOT be shown in the UK, our marvellous Government in all their wisdom have it seems refused point blank to let the film be screened on network TV, internal politics and interests have a major part to play in this decision no doubt. As far as the source can tell the film will remain on American/Canadian TV schedule for July/August, with possible European release once all necessary paperwork is in. Unfortunately now it seems the 'paperwork' will not be in as far as the UK is concerned. THE VOICE cannot locate the title of the film yet but it was put together by the USAF Office of Special Projects and runs for approx. one hour.

Congratulations to Quest in bringing out their Ufo Magazine on the news-stands, a nice color job, perfect for the casual reader and typical joe-public types, not so good for serious researchers, but it was not aimed at them anyway, an updated and detailed merchandise directory is badly needed though, maybe Quest will put that aspect right next issue?.

V10/3

The subject of ufo research is still very much thought of as one of many modern day 'Crank' pursuits, it still is the butt of many jokes, it still is ridiculed and scorned upon by many people. The majority of the uninformed public still see it as a subject full of silly people believing they have seen silly things, and even sillier people go around and investigate what these silly people claim to have seen!!!!.

The Media, whether it is deliberately done or purely by accident, the media can exert considerable public opinion, and if it wishes to portray the subject of ufo's as one of a bunch of idiots chasing little green men in flying saucers the public will generally accept that view. The media can be very dangerous to a ufologists health and well being, case in point see earlier mention of article in News of the World.

With a mere 72 hours to go before the first impact of SL-9 on Jupiter THE VOICE will be keeping close tabs on any and all developments.

Besides being a Quest International Investigator, THE VOICE is pleased to be Technical Advisor for the London Ufo Studies, working closely with long time colleague Mr Roy Lake. THE VOICE will be giving two talks at the forthcoming LUFOS public meeting in Walthamstow on July 21st, depending on reaction to these talks THE VOICE may discuss issues pertaining to The Program, THE VOICE has heard 'thru the grapevine' that certain 'interested parties' may attend this meeting in order to see what THE VOICE may indeed speak about, naturally THE VOICE will be VERY INTERESTED to see if any such personnel do show up.

YOU ARE REQUESTED AND ENCOURAGED TO PHOTOCOPY THIS DOCUMENT AND TO SEND COPIES TO AS MANY COLLEAGUES AS YOU WISH, KEEP THE NET WIDE. KINDLY ADDRESS ALL FEEDBACK DIRECT TO :-
